• Agro, Food, Dairy, Grains & Beverages
• Exports, Processing & Processed F & B

• Imported / Foreign Foods & Distribution
• Nuts, Seeds, Herbs, Spices & Ingredients
• Retail, Cold-Chain, Packaging & Franchising

F & B Pro India - from farm to fridge.

We are back for the 16th year in succession. F & B Pro India has over the last so many editions featured a number of Government of India boards, like those for Coir, Jute, Coffee, Coconut, etc. besides being supported by the Union Ministry of Food Processing Industries and chambers of commerce, professional / industry / trade associations, newspapers and publications. According to McKinsey & Co, the food retail sector in India is likely to grow to US \$ 150 Billion by 2025, accounting for a large chunk of the world food industry, estimated to be US \$ 400 Billion by then. All of which makes being at F & B Pro India - an absolute imperative.

**Smt. Harsimrat Kaur Badal,
Union Minister of Food Processing**

A BILLION REASONS TO INVEST IN INDIA

- The World's fastest growing economy
- Amongst the world's largest producers of food
- World's largest producer of milk; Fastest growing milk market
- US\$ 915 billion food and grocery market by 2020
- 1.3 billion consumers. Amongst the world's largest markets
- Enabling policy environment. Fast clearances. Easy Regulations.
- US\$ 390 billion food retail. Over 15 million mom & pop stores
- US\$ 30 billion in processed food exports in FY 2016

The exclusive international trade fair for the F & B industry

- Food and beverage manufacturers in general
- Producers of fresh, natural and organic foods
- Importers, exporters and distributors
- Equipment and services for food service
- General services
- Foreign trade agencies

Thanks to Govt Support - Industry Marches Ahead

The Ministry of Food Processing intends to establish global linkages and facilitate foreign investment in India's US\$ 915 billion farm-to-fork ecosystem that services the needs and rising aspirations of the country's 1.3 billion consumers. The Government of India offers an unusual peek into India's food and culture as well as opportunities to invest and prosper from one of the world's largest consumer markets. India is the world's oldest continuing civilization and has served the world's tastes from Mesopotamia and the Pharaohs of Egypt to ancient China and beyond. Much of India's historic exports have been processed food, spices, derivatives and additives.

Smt. Harsimrat Kaur Badal, the dynamic Union Minister of Food Processing has taken the lead to provide opportunities to interact with policy makers and form business linkages - live B2B interactions. The Ministry is open to new technologies, spot clearances and commencement certificates, access to turn-key Food Parks, etc. This is done at the annual mega World Food India event that takes place in the national capital.

- Country & State Pavilions
- 40,000 sq ft Parking Space
- 5,000 Foreign & Indian Visitors
- Concurrent Events & Focused Themes
- Government Boards & Export Promotion Councils

India - the food factory of the world

- As much as 30 - 40 % of fruits & vegetables are wasted - **that's scope.**
- In the drinks segment, alcoholic drinks and energy drinks witnessed the highest growth - **that's a high.**
- The Indian food processing industry accounts for 32% of the country's total food market & is estimated at US \$ 121 billion - **that's the largest.**
- The union government's APEDA, responsible for exports is targeting an easily attainable Rs. 4000 - 5000 crores (US \$ 15 Billion) in agricultural and processed food exports - **that's boom.**
- India's strategic geographic location with proximity to markets in Europe, Americas, Middle/Far East, South East and West Asia makes it an ideal destination for commerce - **that's business.**
- The country is not only the world's second largest in terms of population, but also the second largest producer of food, after China. A world market none can ignore - **that's demand.**
- The country accounts for less than 1.5 % of international food trade, which proves the vast untapped possibilities. The Government of India has allowed 51 % FDI in multi-brand retail - **that's potential.**
